

## **CERTIFICATE OF ANALYSIS**

| Important Note: | Centrifuge before opening to ensure complete recovery of vial contents.  |                   |                   |
|-----------------|--|-------------------|-------------------|
| Catalog #:      | C01646M  | Lot #:            | 2F16916           |
| Description:    | MAb to <i>Clostridia</i> GDH<br>Monoclonal Antibody to <i>Clostridia</i> Species Glutamate Dehydrogenase (GDH)   |                   |                   |
| Specificity:    | Specific for glutamate dehydrogenase of <i>Clostridia</i> species. Reactive with recombinant GDH and native GDH from <i>C. difficile</i> cultures.   |                   |                   |
| Host Animal:    | Mouse  | Isotype:          | IgG <sub>2b</sub> |
| Source:         | Ascites  |                   |                   |
| Immunogen:      | Recombinant C. difficile GDH   |                   |                   |
| Format:         | Purified, Liquid   |                   |                   |
| Purification:   | >90% pure. Protein A Chromatography  |                   |                   |
| Concentration:  | 1.4 mg/mL (OD280nm, $E^{0.1\%} = 1.3$ )  |                   |                   |
| Buffer:         | 0.01 M Phosphate Buffered Saline, pH 7.2<br>This product contains no stabilizing proteins.   |                   |                   |
| Preservative:   | 0.1% Sodium Azide  |                   |                   |
| Applications:   | Suitable for use in ELISA. Each laboratory should determine<br>particular application. Other applications have not been test<br>be excluded.Recommended pair for sandwich immunoassay:CaptureDetectionC01645MC01646M |                   |                   |
| Storage:        | Store at 2-8°C.  |                   |                   |
| Safety Note(s): | Refer to the appropriate Safety Data Sheet (SDS) for addition  | onal information. |                   |
